

This Can't Get Any Worse, Can It?

Chapter 1 by Star Lee

I close my eyes taking deep ragged breaths, I had just survived a serious car accident. BEEP BEEP BEEP, I hear the sound of the machine reading my heart beats. Deep breath, deep breaths, I think to myself. I sit up, feeling a surge of pain as I did, ignoring it though. All I could think about was my family. Then I see someone walk into the room....

Chapter 2 by Audrey

A nurse, a doctor, I don't know. I just can't seem to get my thoughts straight ever since I've woken up. She starts fiddling with the wires and cords all strapped across me. The pain in my stomach has started to subside but my head is pounding trying to remember what happened before the impact. I silently pray over my family. For a split second I forget the nurse is even there until she asks if I'm ok. "I guess so." I say weakly. I don't really know how I feel. I suppose she sees how panicked I look and wants to make sure I'm not going to pass out on her. I just have to keep taking deep breaths, deep breaths, deep breaths.
